OUR LADY IMMACULATE CATHOLIC PRIMARY SCHOOL POLICY FOR THE ADMINISTRATION OF MEDICINES

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Medicines Act 1968
- Misuse of Drugs Act 1971
- Health and Safety at Work, etc Act 1974
- Children Act 1989
- Workplace (Health, Safety and Welfare) Regulations 1992
- Education Act 1996
- Schools Standards and Framework Act 1998
- Education (School Premises) Regulations 1999
- Management of Health and Safety at Work Regulations 1999
- Special Educational Needs and Disability Act 2001
- Education Act 2002
- Health and Safety (Miscellaneous Amendments) Regulations 2002
- Children 2004
- Equality Act 2010
- School Premises (England) Regulations 2012
- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013
- Children and Families Act 2014

The following documentation is also related to this policy:

- Supporting pupils at school with medical conditions (Statutory guidance for governing bodies of maintained schools and proprietors of academies in England) (DfE)

We acknowledge that under the standard terms and conditions for the employment of school staff there is no legal duty for them to administer or to supervise a child taking medication. Supporting pupils at school with medical conditions clearly states that 'Any member of school staff may be asked to provide support to pupils with medical conditions, including the administering of medicines, although they cannot be required to do so. Although administering medicines is not part of teachers' professional duties, they should take into account the needs of pupils with medical conditions that they teach.'

Administration of medicines by any member of the school personnel is undertaken purely on a voluntary basis and individual decisions will be respected. However, volunteer personnel will be expected to undertake sufficient and suitable training and to achieve the necessary level of competency before they are able to administer medicines.

Approval by the Governing Body on: 3rd October 2016

Date of Review: Autumn 2018

Medicines will only be administered that have been prescribed by a doctor or some other authorised person and where it would be detrimental to a child's health if the medicine were not administered during the day. Non-prescription medicines will not be administered by staff but parents/carers can make arrangements at lunch time to administer the medication to their child.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To outline the procedures for administering prescribed medicines to pupils.
- To ensure compliance with all relevant legislation connected to this policy.
- To work with other schools and the local authority to share good practice in order to improve this policy.

Responsibility for the Policy and Procedure
