KS2 Playground Questionnaire Results 2018

Key findings

Both questionnaires received very positive results however we always strive to listen to the children's views and continually improve the children's experiences during play time.

Key stage One

Positive areas

- 100% of children feel safe on the yard
- 100% of children agree that the adults help to keep them safe on the yard and resolve any issues with friends
- most children feel like they know at least one person they can talk to if they feel upset.

Areas of development

- Not all children felt they had enough equipment to play with- **Action-** Purchase new equipment
- Not all children benefitted from the playground leaders' work- **Action-** Refresh training and provide some new games to interest the children.
