- **Children are not worried about getting it wrong**
- **They are learning from mistakes**
  - **Children pose the questions**
  - **Children come to conclusions**
  - **It is hands on and engaging**
- **We know what to do and there is a clear progression.**
  - **The light bulb moment occurs!**

## **Children at Our Lady Immaculate Primary school think science is good when...**

<b>"It's fun!"</b>	<b>"We get to wear lab coats"</b>
<b>"We get to think about what we want to do!"</b>	<b>"We call ourselves professors"</b>
<b>"We use our hands!"</b>	<b>"We use science equipment safely"</b>
<b>"We can plan what to do!"</b>	<b>"We get to meet scientists"</b>
<b>"We do experiments"</b>	<b>"Our mums and dads get to join in"</b>
<b>"We work outside!"</b>	<b>"We plan and investigate our own work"</b>
<b>"We work with our friends"</b>	<b>"It's not just writing."</b>
<b>"We see things happening"</b>	<b>"We explore"</b>
