

Mrs Sergeant's Desk

This is a really busy and hardworking term in school and we ask all parents to support us by establishing positive bedtime routines so that the children get to bed on time without the distractions of TVs or online games. Your child will work best when well rested.

Parents Singapore Maths Week This term we are inviting parents to come into school with their children to see our new Singapore Maths sessions. Each family will receive an invitation from their child and you will be able to book into 1 session (1 hour) throughout the week. I think you will be amazed to see how the children are enjoying Maths and are growing in confidence with this new approach. **The suggested week for this is 12th -15th Feb**

Free School meals and packed lunches This term I will be working with children and families to try to reduce the amount of packed lunches coming into school and to increase the amount of families who are accessing a free school dinner. Our school dinners are excellent value and quality and we want to work with parents to make sure they meet the tastes and needs of all of the children. **More information will follow**

Attendance and punctuality In order to support working families and to improve attendance we now have a locked fridge in school. This means that with permission we can supervise the children taking antibiotics, Calpol and other medications. More information is at www.oliprimary.co.uk/parents-info/sickness-medication

Staff Updates

Mrs. Stalker's twins arrived safely if somewhat early on Christmas Eve and I am glad to report that mum and babies Ava and Jasmine are doing well.

Miss Hughes and Miss Whittaker have also safely delivered their baby boys. Babies Harri and Freddie are doing really well and have already visited school with their mum's to see the children.

We would like to welcome Miss Offill who is teaching in foundation stage and Miss Cargill, who is working in the 2 year old room with Mrs Harris and Miss Spellman. We would like to welcome them all to the school family.

Term Dates for this year are available on the School Website www.oliprimary.co.uk.

FEBRUARY HALF TERM

Monday 18TH Feb to Friday 22nd Feb

Easter Holidays

Monday 15th April to Monday 22nd April

Everton Kids Holiday Club will be available throughout the February half term. Please contact Laura on 07799 062730 for more details and for advance booking.

Year 3 CURRICULUM NEWSLETTER SPRING 2019

If you have any questions about your child's curriculum this term, please make an appointment with their class teacher.

Class teachers are available at the end of each day by prior arrangement.

Our curriculum maps are available on our school website which can be found at: www.oliprimary.co.uk/curriculum/curriculum-maps

Children investigating the digestive system.

5th February: Internet Safety Day. Together for a Better Internet.

In Mathematics our focus is...

Multiplication and Division

By the end of Year 3, the children are expected to know the 2, 3, 4, 5, 8 and 10 times tables.

In school, we are having weekly tests and speed tests to secure these facts. Can you please ensure your child is regularly practicing their times tables at home.

Fractions You could explore practical fraction problems when cooking or cutting up pizzas or pies, especially looking at tenths, multiple parts of tenths (3/10, 7/10) and adding fractions (2/10 + 3/10, 3/6 + 1/6)

Time Year 3 looks for the connection between digital and analogue time and working out lengths of time. A really useful activity could be to look at digital time on computers, microwaves, phones and I pads.

Our English focus this term is...

Play Scripts We have used our visit to the Pantomime as a stimulus for play scripts so if you know anyone who is part of a drama club, a look at their scripts will be a great help.

Formal and informal Persuasive Writing

(letters and adverts) Look at magazines and newspapers and see if there are any particular phrases or particular words which are used to try to persuade people to do or buy something.

Stories with an Imaginary Settings If you're a fan of 'Star Wars' or any story set in an imaginary place, then discuss the setting and try to use adjectives to describe it- you could make it a 2A or 4A sentence by changing a simple sentence from 'A golden landscape' to 'A smooth, golden landscape' (2A) to 'A smooth, golden landscape with tall, rocky hills' (4A).

Children reading examples of play scripts.

How can I help my child this term?

Here are a couple of ideas...

- Read at home every night.
- Practice times tables.
- Learn our weekly spellings.
- Bring a water bottle to school.
- Ensure your child has the correct school uniform and PE kit.

Swimming Lessons

This term we are having swimming lessons at Everton Park Sports Centre. Please ensure your child brings the correct kit (boys: tight swimming shorts and a towel. Girls: one piece swimming costume, swimming cap and a towel), one healthy snack and drink.

Extra-Curricular PE

If your child has been chosen to take part in extracurricular PE activities this term, they will be on the following days:

Monday – Gymnastics, 3:20 – 4:30pm

Wednesday – Judo, 8:00 – 9:00am.

Pen License

This term, we are hoping to give out pen licenses for children who :

- Form ascenders and descenders correctly.
- Handwriting is on the line.
- Use the correct joins for all letters.
- Consistently follow our cursive handwriting scheme across all of their work.

For those children who haven't quite made it, we will be introducing a handwriting club to help.

Our Topics this term are

Why is London Such a Cool Place to Live?

Have you ever been to London? If so, talk to the children about it and if you haven't you could do some research or visit a travel agents or Tourist Information Centre for leaflets. We have already begun to look at maps of the British Isles so your child can describe where the UK is located before focusing on London as a major settlement and the physical characteristics of our capital city.

The Vikings and The Anglo Saxon Struggle.

The children could research some interesting names like Eric Bloodaxe and Ethelred the Unready to prepare for this topic!

In Science we are looking at

Animals including Humans

Children could visit their dentist and talk about how to look after their teeth.

Electricity

Chat about the hazards of electricity and visit this site as a great introduction to circuits and conductors http://www.bbc.co.uk/schools/scienceclips/ages/8_9/circuits_conductors_fs.shtml

Homework in Year 3 & 4:

Your child has already received a copy of the spellings and times tables for each week in this half term. However, if you need access to another copy, you can find it on our school website. For homework, your child must practice the week's spellings and times tables for a test every Friday. Your child must also be encouraged to read at home each night and return their reading record to school every day. There are class incentives for reading homework.
