

The Church family comes together to celebrate.

The parish family also comes together at other special times to celebrate with each other.

Jesus asks us to care for one another.  
The parish family helps others locally and in other parts of the world.  
Many parishes invite senior citizens to a Christmas party. Another way the parish helps people is by sending gift parcels to those in need around the world.  
When we do these things we are following Jesus' way of love.
