

## English activities

Week beginning 22.02.21

**Monday**- Today's English lesson will all be based around sentence types. There are 3 main sentence types that we have focused on, they are questions- a question asks for information and end with a question mark. An exclamation- when something surprising or shocking happens. A statement tells us a fact. Statements should end with a full stop.

Today you will be focusing on **Questions**. Please watch the following video [Question Mark video](#) and then complete Activity 1 which is attached as a link to the weekly plan. (Question marks)

**Tuesday** Today's English will be based on Exclamation marks. Exclamation marks are sentences that we say or read loudly or with lots of feeling. They can show anger, frustration, shock, pain, surprise or excitement. Please watch the following video [Exclamation Marks](#).

Now complete Activity sheet 2 which is attached as a link to the weekly plan (Exclamation marks)

**Wednesday**- Today you will be recapping on what an adjective is [Adjectives song](#). An adjective describes something. For today's activity, could you look out of your window? Write down 5 things that you can see e.g. a tree, a car. Then write down 5 adjectives for each of these things. You could even put some of these adjectives into sentences.

**Car**- Blue, big, shiny, new, clean    The car is blue with shiny windows.

**Tree**- tall, big, brown, green leaves, rough.    The tree is tall with green leaves.

(The objects that you are describing e.g. the tree and the car are called nouns)

**Thursday**- Today's focus will be verbs. A verb is an action word e.g running, jumping, clapping. Please watch the following video [verb rap](#)

Could you cut up some paper or card and write/draw a different verb on each?

running

Now you can play 'Verb Charades' with a family member. Remember Charades is the game where you act out what is written on the card without using any words! We would love to see some pictures or videos of this.

## **Friday**

Today we will recap on all of our learning from the week with a [Quiz](#), now go onto your purple mash and complete the 2 activities that have been set for the day.
