

- Resources are also linked within this document - click on 'PDF', 'weblink', 'powerpoint' or 'video' below to link to this.
- No printing is required - all activities can be completed on paper or in your child's home learning book.
- Complete the activities that you can, as best as you can, with the time and support available to you.

English: Reading and writing	This week we will be re-capping grammar and punctuation work that has previously been taught to see how well you can recall and use this in a range of activities. These activities include written work, practical work, games and quizzes. We hope you enjoy it! This is the link for the weekly activity breakdown English activities These are the links for Monday and Tuesday's activities Questions Exclamations
Phonics	Please follow the links to recap on your phase sounds and also to find all the alternative ways of making the same sound. ay, ai and a-e oa o-e ow ea and ee igh ie i-e y ue ew u-e Here are some activity sheets to go with each sound. (link for phonics sheet pack) Challenge yourself to a phase 5 game on the Phonics Play website phonics play games .
Maths	This week we are going to be revisiting what we have learnt about 2D and 3D shapes. On the attached activity sheet are all your activities and links for the week. (link to shape activities)
Come and See	During our half term was Ash Wednesday. This is the day that starts Lent which is the 40 days and nights that leads up to Easter. Usually during this time we think about the sacrifices that Jesus made for us and create our own Lenten promises of things that we will try to do better during this time. What is your Lenten promise? It could be to give something up like your favourite treat or could be to do something more like helping your parents at home. Please look at the link for some information about Lent. (LINK for lent ppt)
Music	Mrs Naylor has been kind enough to send us some more fun activities that you can enjoy at home. Take a look at this activity sheet for your learning and video links, enjoy! (Link for music sheet)
Science	This week we will be ending our topic on materials with a little experiment for you. This experiment will test your knowledge of the materials that are best to be used for absorbency. Could you pick 4 different types of paper (a piece of paper, a piece of card, a piece of cardboard and a piece of tissue paper) and predict which material would be more useful for absorbing (or cleaning up) a spillage of water (you can predict on post its, paper or verbally) Make sure you ask an adult to help you decide whether to use a small bowl of water (or any liquid) or whether you create the spill on the floor yourself. Then use each type of paper and investigate which material absorbs the water

	<p>the best. Then record your findings (on post its, a chart or verbally). If you would like to take part in any other fun experiments then please take a little look at the website below.</p> <p>fun science experiments</p> <p>We would love to see videos and pictures of what you get up to!</p>
PE	<p>This week we will focus on recapping our movement and choreography within dance sessions. The following link takes you to a website with lots of physical education activities. Please scroll down to KS1 dance and complete the warm up then Monday's video tutorial. If you would like to do this everyday you can repeat this for each day of the week by following the same link but clicking of each daily video Dance sessions</p> <p>Feel free to use this website for any other physical activity tutorials that you would like to try!</p>
PHSE	<p>This week we will think back to what we need to have a healthy mind. One of those things are people around us like friends. Please watch the following video and take part in the short quiz after it. Healthy relationships</p>
Creative and enrichment	<p>Could you use materials that you have in the house to create a friendship bracelet for somebody that you can't wait to see, when you come back to school.</p> <p>Now that the weather has started to warm up (slightly), can you go on a nature walk and find lots of natural materials such as leaves, twigs, fallen petals and collect them to make a natural, nature collage. Follow this link for some ideas.</p> <p>Nature ideas</p>
