

Dear Parents/Carers,

We are delighted to be supporting the NSPCC by taking part in Number Day on **Friday 2<sup>nd</sup> February 2024.**

## Everything the NSPCC does protects children today and prevents about tomorrow

The NSPCC need our support more than ever. By raising money, we can help to fund their vital services such as Childline – the helpline that’s always there for children and young people whatever their problem or concern.

On average, a child contacts Childline every **25 seconds**

### Making maths meaningful

Number Day is a great way to make maths fun and bring about a positive, ‘can-do’ attitude towards it.

On **Friday 2<sup>nd</sup> February** we will have a fun day of maths activities across the school and to make it even more exciting, we are asking children to design a Maths themed t-shirt or top to be worn over their school uniform. We would love children to be really creative and design a top with any maths theme of their choice. This could include: numbers, times tables, shapes, symmetry - the list is endless!

“ A winning top from each class will be chosen and will receive a prize which will be announced in our Friday rewards assembly.

### Safe fundraising

To help raise money for the NSPCC, we are asking for donations, and we’d love everyone in the school to take part in this special event

We would very much appreciate a suggested donation of £1 to be brought to school on Friday 2<sup>nd</sup> February. All money raised will be donated directly to the NSPCC and we will inform you of the total amount raised by our school.

### It all adds up

We’re really looking forward to all the fun on Number Day, and we really appreciate your support. All the money we raise at OLI will make an enormous difference to children today and help the NSPCC be there for children tomorrow.

Thank you.

Mrs Coulson,  
Maths Co-ordinator.
